

1 RESOLUTION NO. 23253

2 A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RIVERSIDE,  
3 CALIFORNIA AMENDING THE UNIVERSITY AVENUE SPECIFIC  
4 PLAN IN CONNECTION WITH THE 2014-2021 HOUSING ELEMENT.

5 WHEREAS, the City of Riverside adopted the 2014-2021 Housing Element on October 10  
6 2017; and

7 WHEREAS the implementation of the Housing Element requires amendments to Chapters 6  
8 and 7 of the University Avenue Specific Plan as set forth in Exhibit "A" attached hereto and  
9 incorporated herein by reference; and

10 WHEREAS, on October 19 and November 2, 2017, the Planning Commission of the City of  
11 Riverside advertised for a held a public hearing to consider the amendments to the University Avenue  
12 Specific Plan and recommended the amendments to the City Council; and

13 WHEREAS, the City Council advertised for and held a public hearing on December 12, 2017,  
14 to consider the University Avenue Specific Plan amendments; and

15 WHEREAS, the City Council received and considered the reports and recommendation from  
16 the Planning Commission and all other testimony, whether written or oral, presented at the public  
17 hearing.

18 NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Riverside,  
19 California, as follows:

20 Section 1: Incorporating the findings set forth above and in the documents and reports and  
21 in the record, it is in the public interest to adopt the amendments to Chapters 6 and 7 of the University  
22 Avenue Specific Plan as more particularly described below.

23 Section 2: Chapters 6 and 7 of the University Avenue Specific Plan are hereby amended  
24 as set for in Exhibit "A" attached hereto and incorporated herein by reference.

25 ///

26 ///

1 ADOPTED by the City Council this 12th day of December, 2017.

2  
3  
4 WILLIAM R. BAILEY, III  
Mayor of the City of Riverside  
5

6 Attest:

7 Sherry Marten  
8 COLLEEN J. NICOL  
City Clerk of the City of Riverside  
9

10 I, Colleen J. Nicol, City Clerk of the City of Riverside, California, hereby certify that the  
11 foregoing resolution was duly and regularly adopted at a meeting of the City Council of said City at  
12 its meeting held on the 12th day of December, 2017, by the following vote, to wit:  
13

14 Ayes: Councilmembers Gardner, Melendrez, Soubirous, Conder, Perry, and Adams

15 Noes: None

16 Absent: None

17 Abstained: Councilmember Mac Arthur  
18

19 IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the  
20 City of Riverside, California, this 15th day of December, 2017.  
21

22 Sherry Marten  
23 COLLEEN J. NICOL  
City Clerk of the City of Riverside

**EXHIBIT "A"**  
**P17-0521 - Specific Plan Amendment**  
**University Avenue Specific Plan**

*Chapter 6*

*Land Use Regulations*

\*\*\*\*\*

## **6.0 LAND USE REGULATIONS**

The policies, standards and design guidelines in this Specific Plan are formulated to implement portions of the overall vision and development strategies presented in the University Avenue Strategic Development Plan and to address additional concerns of the Citizen Advisory Task Force. This chapter outlines objectives and policies for the first of the major plan components - subdistricts and land use.

### **6.1 Definitions**

For the purposes of this Specific Plan, the meanings of words and phrases ascribed to them in Chapter 19.04 of the Riverside Municipal Code shall apply. Additionally, for the purposes of this Specific Plan, the following words and phrases, whenever used in this Plan, shall be construed as defined in this Chapter, unless from the context, a different meaning is specifically defined and more particularly directed to the use of such words or phrases:

- **Check Cashing Facility** shall mean a person or business that for compensation engages, in whole or in part, in the business of cashing checks, payday advances, warrants, drafts, money orders or other commercial paper serving the same purpose. "Check cashing facilities" do not include a State or Federally chartered bank, savings associations, credit union or industrial loan company. "Check casing facilities" also does not include a retail seller engaged primarily in the business of selling consumer goods, including consumables, to retail buyers that cash checks or issue money orders for minimum flat fee as a service that is incidental to its mail purpose or business.
- **Consolidated Block Development** shall mean a project submitted for approval under a single application, 1) containing an entire block of lots fronting on University Avenue between intersecting streets and which eliminates all curb cuts directly from University Avenue, or 2) consisting of contiguous lots totaling 2 acres or more, which substantially reduces curb cuts on University Avenue and improves pedestrian/vehicular circulation and landscaped image.
- **Indoor Swap Meet** shall mean any store event where merchandise is offered or displayed for sale or exchange and in which the sales area has been subdivided to allow for individual sales booths that are available for lease to individual tenants. For purposes of this definition, areas bounded by permanent floor-to-ceiling walls or windows, in which all entryways are capable of being closed and locked, shall be considered separate stores and not subdivisions of one store. No store in which one vendor occupies at least eighty percent (80%) of the floor area used for sale of goods shall be considered an indoor swap meet. For purposes of this section, a vendor is each person offering goods for sale in a store who is subject to a permit from the State Board of Equalization to engage in or conduct business as a seller at that store. Each such vendor shall be deemed a tenant in that store. The term swap meet is interchangeable with and applicable to flea markets, auctions, farmer's markets (except certified farmer's market as defined in Chapter 19.04 of the Riverside

\*\*\*\*\*

Municipal Code) or other similarly named or labeled activities; but the term does not include the usual supermarket or department store retail operations.

- **Mini Mall** (see zoning code).
- **Planned Mixed-Use Commercial/Residential Development** (also "Mixed-Use" Development) shall mean a project submitted for approval under a single application, which project contains a combination of commercial, ~~office~~ and residential on a lot or a group of contiguous lots which constitute a single building site, and which is characterized by an integrated architecture, site design, function and purpose ~~and occupies a site of 15 acres or more.~~
- **Shared Parking Analysis** shall mean an evaluation of the total parking requirement of all individual land uses within a "Planned Mixed Use Commercial/Residential Development" in order to determine the number of such required parking spaces which may be shared by two or more individual land uses without conflict, thus reducing the total parking requirement for the development.
- **Streetscape** is a term for improving the visual and pedestrian environment of a street by providing landscaping, street trees, pedestrian scale lighting, sidewalks, street furniture and other pedestrian amenities.
- **Tobacco Store/Smoke Shop** shall mean a business with the sale of tobacco, either loose or prepared as cigarettes, and products for the smoking of tobacco constituting more than thirty percent of gross sales and/or thirty percent of net lease area.

## 6.2 Intent of the Land Use Regulations

Land uses within the Specific Plan area are discussed below in terms of: 1) overall objectives 2) the relationship of Specific Plan land uses to those in the Land Use Element of the General Plan and Specific Plan Land Use Designations 3) land uses permitted within the Specific Plan area.

The Specific Plan incorporates the following in order to achieve the expressed intent of the plan:

- Encourage and appropriate mix of land uses and investment on the Avenue to revitalize and bring about a demonstrable change in the Avenue's character.
- Limit or prohibit certain objectionable uses or over concentration of uses along certain segments of University Avenue including gas stations, some auto uses, fast food drive-in facilities, liquor stores, and motels.
- Provide land use and development standards incentives to encourage mixed-use developments and the conversion of nonconforming land uses to new uses that reflect the long-term vision for the corridor.

\*\*\*\*\*

- Implement the land use concept of the University Community Plan, which includes distinctions between land uses east and west of Chicago Avenue.
- ~~Require conditional use permits for the mixed-use village concept proposed for Subdistricts 4a and 4b.~~

### 6.2.1 Relationship to the General Plan Land Use Element

It is important that the General Plan and the Specific Plan remain consistent. ~~At the writing of this Specific Plan the General Plan is still in the hearing process. The following land use designations have been approved by the Planning Commission and are pending review and approval by the City Council<sup>1</sup>:~~

<del>Subdistricts 1 and 3</del>	<del>Retail, Business and Office</del>
<del>Subdistricts 2 and 4a</del>	<del>Mixed Use Office, Institutional Uses</del>
<del>Subdistrict 4b</del>	<del>Mixed Use Residential, Institutional Uses</del>

The Specific Plan interprets and refines the ~~Draft~~ General Plan designations for this Specific Plan as follows:

- In general, retail, commercial, and office uses are permitted along the entire corridor.
- In addition, ~~in Subdistricts 2 and 4, Planned Mixed-Use Commercial/Residential Development, which requires lot consolidation,~~ are encouraged with a Conditional Use Site Plan Review Permit.

### 6.2.2 Land Uses Permitted Within the Specific Plan or by Subdistrict and Limitations

Table 2 and Table 3 list limitations on these permitted uses.

#### Key To Land Use Classifications

The symbols in Table 2 designate the following land use classifications within each of the University Avenue Subdistricts:

- The letter "P" designates use classifications PERMITTED in the University Avenue Specific Plan Area.

<sup>1</sup> The Draft City of Riverside General Plan was under preparation at the same time as the University Avenue Strategic Development Plan and Specific Plan and the above land use designations are under consideration at the time of preparation of this document.

•••••

- The letter "L" designates use classifications in the University Avenue Specific Plan Area, which are subject to certain LIMITATIONS prescribed by the number or numbers following the "L" designator shown in Table 2. Prescribed limitations can be found in Table 3, "Additional Use Regulations," that follow.
- The letter "C" designates use classifications only permitted in the University Avenue Specific Plan Area subject to the granting of a CONDITIONAL USE PERMIT. The granting of such permits may be for a specified, limited period of time as determined through the approval process.
- The letter "M" designates use classifications only permitted in the University Avenue Specific Plan Area subject to the granting of a MINOR CONDITIONAL USE PERMIT. The granting of such permits may be for a specified, limited period of time as determined through the approval process.
- The letter "SP" designates use classifications permitted in the University Avenue Specific Plan Area subject to the granting of a Site Plan Review permit.
- The symbol "-" (a dash) designates use classifications NOT PERMITTED in the University Avenue Specific Plan Area.

### Using Tables 2 and 3

Land Uses Permitted In Each Subdistrict. The land uses permitted in each Subdistrict shall be only those uses expressly permitted in Table 2.

This table of land uses is based upon uses that are listed in the underlying zones within the University Avenue Specific Plan Area. These zones are the ~~Restricted Commercial ("C-2")~~ Commercial Retail (CR) Zone, ~~General Commercial General (CG) ("C-3")~~ Zone, ~~Community Shopping Center ("C-1-A")~~ Zone, ~~Parking ("P")~~ Zone, ~~Restricted Office ("R-O")~~ Zone, Mixed-Use Urban (MU-U) Zone, and Multiple Family Residential-3 ("R-3") Zone. In order to implement the vision for University Avenue, the applicability of these uses has been modified or expanded as appropriate. Land uses are arranged alphabetically in Table 2.

The criteria established in this Specific Plan shall apply to all land uses permitted in the University Avenue Specific Plan Area and shall govern where conflicts arise with any regulations of an underlying zone. Unless specifically otherwise indicated in Table 2, all uses within the University Avenue Specific Plan Area, shall be conducted wholly within a building, except for off-street parking. Exceptions to this would be outdoor dining, food carts and kiosks. Outdoor dining is acceptable in association with any restaurant, subject to the approval of design and location factors by the Design Review Board. Food carts and kiosks are anticipated to be part of potential mixed-use projects in ~~Subdistricts 2, 4 and 4a.~~ Provisions for these would be made as part of the conditional use permit process.

**Limitations On Permitted Land Uses.** Land uses permitted in each Subdistrict of the Specific Plan Area shall be subject to certain limitations indicated in Table 3, Additional Use Regulations, and prescribed by the number or numbers following the "L" designator in Table 2.

**Uses Not Listed in Table 2**

Any use not specifically permitted is prohibited, except uses that are determined by the Planning Director to be similar to the listed uses.

**ADDITIONAL USE REGULATIONS**

- L1 Only as temporary offices during the construction of a permanent building.
- L2 Subject to the limitation that manufacture, fabricating or selling of any article or commodity other than that incidental to dental offices shall not be permitted.
- L3 Provided that printing operations are not included.
- L4 Provided that such research offices are for the conduct of scientific research, theoretical studies and investigations by or under the supervision of professional scientists and/or highly trained specialists in the fields of physical, economic or social research; and provided that such research shall not involve the manufacture, fabrication, processing or sale of products on the premises; and provided that such research shall not be obnoxious or offensive by reason of emission of dust, gas, smoke, noise, fumes, odors, vibrations and potential release of hazardous materials or other similar causes.
- L5 Provided that the use is limited to administrative or executive offices only.
- L6 Provided that wholesale commercial sales of equipment or supplies shall not be permitted; but incidental film processing may be included.
- L7 Provided that wholesale commercial sales of equipment or supplies shall not be permitted.
- L8 Private catering business in conjunction with such uses may be included as an ancillary function provided that the conditional use permit specifically includes the catering business.
- L9 Only within an auditorium as a part of a hotel or educational facility.
- L10 Only as an integral part of a mixed-use development containing at least 15-acres in accordance with the provisions of this Specific Plan.
- L11 Refer to ~~Section 7.0, Table 5 or 6 as applicable~~ Table 19.120.050 (Mixed-Use Zones Development Standards) for development standards for Planned Residential and Commercial Mixed-Use Developments. See Section 7.2 of the Specific Plan for applicability.
- L12 (Reserved)
- L13 In accordance with the provisions of Chapter 19.40 of the Zoning Code; except that the sale of beer, wine and other closed container alcoholic beverages shall not be permitted.
- L14 (Reserved)
- L15 Excluding the sale of any merchandise or product except necessary parts sold in connection with the repair of watches and clocks.
- L16 (Reserved)
- L17 (Reserved)
- L18 Need not be conducted wholly within a completely enclosed building, provided that plants shall be the only items stored or displayed outside an enclosed building; and further provided that storage of fertilizers, plant food, mulches, potting soils, planters, flower pots, garden tools and similar items shall be screened from views from public rights-of-way and common private access ways.
- L19 Provided that schools involving the use or storage of goods, articles or substances which are combustibles, inflammable or explosive or likely to create a fire, radiation or explosive hazards and schools using equipment or processes permitted only in the C-3, M-1, M-2 and AIR Zones shall be prohibited; and further and provided that such use shall not be obnoxious or offensive by reason of emission of dust, gas, smoke, noise, fumes, odors, vibrations and potential release of hazardous materials or other similar causes.
- L20 (Reserved)
- L21 (Reserved)
- L22 In accordance with the provisions of Section 19.30.020(63) of the Zoning Code.

\*\*\*\*\*

**Table 2**  
**ADDITIONAL USE REGULATIONS**

- L23 Provided that the use is restricted to the medical treatment and incidental care such as bathing, the trimming of common household pets on an outpatient basis only, except that temporary boarding in connection with medical treatment shall be permitted and except that short-term boarding shall be permitted.
- L24 (Reserved)
- L25 (Reserved)
- L26 Provided the use involves retail sales only, and the products are sold only on the premises.
- L27 Provided that such use does not include the sale of alcoholic beverages, including beer and wine.
- L28 Provided that such laboratory shall not involve the use or storage of goods, articles or substances which are combustible, inflammable or explosive or likely to create a fire, radiation or explosive hazard; and further provided that such laboratory use shall not be obnoxious or offensive by reason of emission of dust, gas, smoke, noise, fumes, odors, vibrations, potential releases of hazardous materials or other similar causes.
- L29 Closed container sale of alcoholic beverages, including beer and wine, shall be permitted only as an ancillary use incidental to the sale of consumer soft goods; and further provided that space allocated to the sale of such alcoholic beverages is limited to no more than 15% of the total floor area devoted to the sale of such goods within the establishment.
- L30 Provided that the facility includes no less than 100 rooms and that on-site amenities include a full-service coffee shop, a 24-hour staffed front-office and rooms accessible by interior corridors. Rate sign advertising shall not be permitted. Commercial Hotel shall not mean a motel or a facility designed for single-room occupancy purposes, care facilities, half-way houses, or similar special purpose residential lodging facilities.
- L31 (Reserved)
- L32 (Reserved)
- L33 ~~Provided that establishments constructed after the approval date of this ordinance shall be part of a larger complex with shared parking in such a manner as to minimize curb cuts on University Avenue. Restaurant Drive-thru lanes, operations and service shall not be permitted, except within Subdistrict 2, which is permitted to have drive thru restaurants subject to the approval of a Conditional Use Permit and the criteria found in Table 4, Development Standards by Subdistrict.~~
- L35 Subject to the provisions of the Zoning Code.
- L36 For properties zoned as Mixed-Use Village (MU-V) or as Mixed Use-Urban (MU-U) as part of the 5<sup>th</sup> Cycle Housing Element Rezone Program to meet the City's Regional Housing Needs Allocation (RHNA), mixed use, and multiple-family residential uses shall be subject to the provisions of the Zoning Code. As provided in the Zoning Code, the mixed-use zoning for these sites shall allow stand-alone multi-family residential use by right per State Law (Government Code Section 65583.2).

## 7.0 DEVELOPMENT STANDARDS

---

### 7.1 Intent of the Development Standards

As stated in the preceding chapter, the policies, standards and design guidelines in this Specific Plan are formulated to implement an overall vision and development strategy for University Avenue as articulated through a number of means, not the least of which are the Strategic Development Plan for University Avenue and concerns raised through the public review process. This chapter outlines a further tier of objectives and policies pertaining to the plan's second major component - development standards.

The development standards contained in this section are regulatory in nature and govern all development within the Specific Plan Area. The standards should be used in combination with the Design Standards and Guidelines set forth in Section 8.0.

The densities proposed are consistent with the General Plan and, therefore, the roadway widths and types provided for in the Circulation Element will accommodate anticipated traffic demands. Major projects will, of course, be supplemented with specific traffic studies designed to address traffic impacts on a project specific basis. Where traffic would impact State Route 91 and Interstate 215, Cal-Trans will be invited to comment on any proposed projects. In addition, the Planning Department's environmental review function will address traffic impacts through such "Traffic Management Association" (TMA), considerations as flex-time work scheduling, on-site rideshare coordination and the like. In addition, the City's current fee schedule assesses fees for traffic impacts from project development.

### 7.2 Organization of the Development Standards into Three Tables

Table 43 lists development standards by Subdistrict. ~~Table 5 lists Planned Mixed Use Development Standards for Subdistrict 2, and Table 6 lists Mixed Use Development Standards for Subdistrict 4. It is intended that a project within Subdistrict 2, comprising 15 acres or more may be renovated or reconstructed (including new construction or major modifications) under the Subdistrict 2 development standards listed in Table 4 or the Planned Mixed Use Development standards listed in Table 5, at the election of the owner. For Mixed-Use Developments as defined in Section 6.1.1 (Definitions), the standards contained in Table 19.120.050 (Mixed-Use Zones Development Standards) of the Zoning Code shall apply based upon the mixed-use zone corresponding to the General Plan Land Use Designation of the subject site.~~

\*\*\*\*\*

Table 3 DEVELOPMENT STANDARDS BY SUBDISTRICT				
Section	Subdistrict 1	Subdistrict 2	Subdistrict 3	Subdistrict 4
7.1 Building				
7.1.1 Intensity (Floor Area Ratio)	Maximum of 0.35 except for Consoli-dated Block De-velopment (see 7.2.7 of this Table).	Maximum of 0.50 except for Planned Mixed Use Commer-cial/ Residential Development, a maximum of 2.0 (see Table 5). For drive-thru restaurants in Subdistrict 2 (see section 7.6).	Maximum of 0.35 except for Consoli-dated Block Devel-opment (see 7.2.7 of this Table).	Maximum of 0.50 except for Planned Mixed Use Commer-cial/ Residential Development, a maxi-mum of 2.0 (see Table 6).
7.1.2 Height <sup>2</sup>	Maximum of 35 feet.	Maximum of 35 ft. within 50 ft. of a residential zone; other-wise a maximum of 55 ft. except for Planned Mixed Use Commercial/ Residential Development (see Table 5).	Maximum of 75 ft.	Maximum of 35 ft. except for Planned Mixed Use Commer-cial/ Residential Development (see Table 6).
7.1.3 Blank Walls	No building wall facing a public street or adjacent residential uses shall extend more than 25 feet vertically or horizontally without a visual break created by a minimum 2-ft. recess articulation in the exterior wall or architectural detailing.			
7.1.4 Ground Floor Front Facade Treatment	At least 75% of the area of the ground floor building wall fronting University Avenue shall be devoted to pedestrian entrances, display windows and other techniques in order to provide visual interest and establish a pedestrian environment along University Avenue.			
7.1.5 Compatibility with Surrounding Development	The rear and side walls of buildings which are visible from adjacent lots or streets shall be treated the same as the front wall. The walls of any parking structure or that portion of any structure used for parking shall be designed to substantially screen vehicles in the structure from a view of a person on a public street. The walls of the parking structure shall be similar in color, material and architectural detail with the building it serves.			
7.2 Site Design				
7.2.1 Building Location	Buildings shall be located as close as possible to the front setback line of University Avenue and parking shall be located to the rear or side of the parcels. For drive-thru restaurants in Subdistrict 2 see section 7.6.			

<sup>2</sup> Roof structures specified in Section 19.68.030 of the Zoning Code shall be permitted in addition to heights specified for each Subdistrict.

\*\*\*\*\*

**Table 3**  
**DEVELOPMENT STANDARDS BY SUBDISTRICT**

Section	Subdistrict 1	Subdistrict 2	Subdistrict 3	Subdistrict 4
7.2.2 Required Front Yard Setback	<p>For the purposes of these standards, the front yard is the yard adjacent to University Avenue.</p> <p>The minimum setback along University Avenue shall be 20 ft. from the property line.</p> <p>Within this setback area, the following is permitted:</p> <ul style="list-style-type: none"> <li>• Pedestrian access walkways and plazas</li> <li>• Vehicular access driveways, but not parking</li> <li>• Lights to illuminate pedestrian access ways and vehicular access driveways and landscaped areas or buildings</li> <li>• Signs in accordance with the provisions of this Section</li> <li>• Open trellis structures or arcades over sidewalk areas are permitted, subject to Design Review approval</li> <li>• Landscaped areas</li> <li>• Pedestrian amenities such as decorative trash receptacles, benches, water elements, bicycle parking areas, public art and sculpture, bus/shuttle stops subject to Design Review approval.</li> <li>• Outdoor dining areas and fences defining these dining areas subject to a Conditional Use Permit and Design Review approval.</li> </ul> <p>Within this setback area the following landscaping shall be required:</p> <ul style="list-style-type: none"> <li>• From Park to Iowa Avenue plant a minimum of 24-inch box canopy trees spaced approximately 60 ft. on center in a 10 to 12-ft. wide planting strip adjacent to the public sidewalk, coordinating with the Streetscape Concept Plans for University Avenue or subsequently refined plans. (See Figure 29 of the Design Guidelines.) Concrete paving with a broom finish shall connect University Avenue and buildings on the property and a minimum of 50% of the area shall be in ground cover.</li> <li>• From Iowa to I-215, plant a minimum of 24-inch box canopy trees spaced in a staggered pattern with proposed shade trees planned for the public rights-of-way as a part of the Streetscape Concept Plans for University Avenue or subsequently refined plans. Decorative brick-like and concrete paving as per Design Review Guidelines for University Avenue.</li> </ul> <p>Within this setback area, the following appurtenances shall not be permitted:</p> <ul style="list-style-type: none"> <li>• News racks.</li> <li>• Vending machines.</li> <li>• Public telephones.</li> </ul>			
7.2.3 Required Street Side Yard	Minimum of 10 ft.	Minimum of 10 ft.	Minimum of 10 ft.	Minimum of 10 ft.
7.2.4 Required Side Yard Adjacent to Residentially Zoned Property and All Rear Yards	Minimum 20 feet side and rear yards, of which no more than 15 feet may include parking.			
7.2.5 Lot Area <sup>3</sup>	Minimum of 20,000 s.f.	Minimum of 80,000 s.f. For drive-thru restaurants in Subdistrict 2 see section 7.6.	Minimum of 20,000 s.f.	Minimum of 80,000 s.f.

<sup>3</sup> Applicable to all lots created after the date of adoption of this Specific Plan.

\*\*\*\*\*

<b>Table 3</b> <b>DEVELOPMENT STANDARDS BY SUBDISTRICT</b>					
<b>Section</b>		<b>Subdistrict 1</b>	<b>Subdistrict 2</b>	<b>Subdistrict 3</b>	<b>Subdistrict 4</b>
7.2.6	Lot Width <sup>4</sup>	Minimum 100 ft.	Minimum 100 ft.	Minimum 100 ft.	Minimum 100 ft.
7.2.7	Lot Consolidation <sup>5</sup>	See Footnote Below	N/A	See Footnote Below	N/A
7.2.8	Off-Street Parking Required Spaces	In accordance with Chapter 19.74 of the Zoning Code, unless otherwise specified for a particular use or mixed use in a subdistrict.			
7.2.9	Curb Cuts	The number of curb cuts on property fronting on University Avenue shall not be increased; curb cuts shall be eliminated where possible. Access to parking and service areas shall be provided from an alley or adjacent side street where such exists adjacent to the property, if feasible. Initiation and/or continuation of reciprocal access and parking easements may be required so that existing or future properties or developments may be interconnected, thereby reducing the need for additional curb cuts. Arrangements for future driveway removal may also be required.			
7.2.10	Walls and Fences Adjacent to a Residential Zone	Six-ft. high masonry walls shall be erected and maintained along property lines adjoining any lot in any residential zone.			
7.2.11	Screening				
	Required Walls for On-Site Parking	Walls located along a lot which abuts a public street other than University Avenue shall be set back a minimum of 5 ft. from the property line adjacent to that street. The area between the sidewalk and wall shall be landscaped in accordance with the Design Guidelines. When a greater wall setback is required elsewhere in the Design Guidelines, the greater setback shall be required.			
	Trash	A trash enclosure, six feet in height, constructed of similar material of the building, shall be provided on site. The trash enclosure shall be enclosed on all sides, and shall be six feet in height with a solid gate providing access to the trash area. Trash enclosed within the enclosure shall not exceed the height of the enclosure. No trash shall be stored in any section of the site except within an enclosed structure.			
	Roof Appurtenances	All heating, ventilation, air conditioning equipment and ducts and other equipment or appurtenances located on roofs shall be screened from the view of people at ground level or adjacent buildings. Screens must be at least as high as the equipment.			
	Loading Areas	All loading areas shall be screened from view from adjacent lots and public streets by a solid fence or wall not less than 6 feet in height.			
7.2.12	Pedestrian Linkages	A clearly defined pedestrian walkway shall be provided to connect building entrances to parking spaces and to adjacent sidewalks.			
7.2.13	Light and Glare	All exterior lighting shall be of an indirect nature, shielded to minimize illumination of adjacent properties and to reduce glare. Freestanding light poles shall not exceed a maximum height of fourteen feet.			
7.2.14	Utilities	All utility connections from the main line in the public right-of-way to buildings shall be located underground.			
7.3	Landscaping of Public Rights-of-Way	If an assessment district for implementation of the Streetscape Concept Plan has not been approved at the time of improvement of a property, trees shall be planted in the public right-of-way or a street tree planting easement in accordance with the specifications established by the University Avenue Design Standards and Guidelines.			

<sup>4</sup> To eliminate curb cuts and provide opportunities for image, pedestrian, and vehicular improvements, lot consolidation is encouraged. If the project is a Consolidated Block Development as defined in Section 6.0 of this Specific Plan, subject to the granting of a Conditional Use Permit.

- The total parking requirement for a combination of restaurants, retail and offices on a Consolidated Block Development site may be reduced up to 25% from the requirements otherwise specified in this Chapter, subject to the findings of a shared use parking analysis provided by the applicant.
- The Floor Area Ratio (FAR) may be increased to 1.0, provided other development standards of the Specific Plan are satisfied.

\*\*\*\*\*

<b>Table 3</b> <b>DEVELOPMENT STANDARDS BY SUBDISTRICT</b>				
<b>Section</b>	<b>Subdistrict 1</b>	<b>Subdistrict 2</b>	<b>Subdistrict 3</b>	<b>Subdistrict 4</b>
<b>7.4 Signs</b>	Chapter 19.76 of the Zoning Code shall apply. New billboards are prohibited.			
<b>7.5 Subdivision</b>	No property shall be subdivided into smaller parcels within the University Avenue Specific Plan Area, except that subdivision may be permitted within an integrated project, such as a shopping center, condominium or planned mixed use commercial/residential development in accordance with the provisions of this Specific Plan.			
<b>7.6 Drive-thru Restaurant Design &amp; Development Criteria</b>	<p><b>General Standards</b></p> <ol style="list-style-type: none"> <li>1) Drive-thru restaurants are only permitted in Subdistrict 2 with the approval of a Conditional Use Permit.</li> <li>2) The proposed site, either currently or proposed, shall be part of a commercial complex of eight acres or greater in size with shared access via a driveway serving the restaurant as well as the greater commercial complex. If the proposed site is on a separate parcel, the parcel should be no less than 30,000 square feet.</li> <li><del>3) A minimum building size of 3,000 square feet of usable interior space.</del></li> <li>4) Associated indoor or outdoor playgrounds shall be prohibited.</li> <li>5) Additional driveway openings to a parcel shall be discouraged and existing driveways are to be closed where feasible.</li> <li>6) Buildings shall be designed with substantial mass (height and bulk) to create a strong building profile on the property as seen from the street frontage.</li> </ol> <p><b>Drive-thru Lane and Window Standards</b></p> <ol style="list-style-type: none"> <li>7) Drive-thru windows are prohibited on the front building elevation directly facing a street frontage.</li> <li>8) Drive thru lanes shall be designed in such a way as to be screened from view from the street through elevation differences, landscaping, arbors, trellises, canopies, walls and other architectural features used to reduce the visual presence of drive-thru operations.</li> </ol> <p><b>Outdoor Dining Standards</b></p> <ol style="list-style-type: none"> <li>9) If an outdoor dining area is proposed, it shall be located fronting on the street frontage to promote pedestrian traffic.</li> <li>10) All outdoor dining areas shall be designed in compliance with the City's "Outdoor Dining and Outdoor Food Preparation Requirements and Design Guidelines."</li> <li>11) Outdoor dining areas may encroach to within five feet of the street frontage property line to encourage pedestrian usage.</li> </ol> <p><b>Additional Design Standards for Drive-thrus with frontage on University Avenue</b></p> <ol style="list-style-type: none"> <li>12) The building shall be located in close proximity to the street frontage with parking and drive-thru lanes located to the rear and sides of the building elevations to the extent possible.</li> <li>13) The restaurant should incorporate significant outdoor dining facilities, which shall be prominently visible from and integral to University Avenue.</li> <li>14) No parking shall be located between University Avenue and the applicable primary building on the parcel.</li> <li>15) Clear and dominant pedestrian access should be provided from University Avenue to the restaurant use.</li> </ol>			

\*\*\*\*\*

**Table 4**  
**PLANNED MIXED-USE DEVELOPMENT STANDARDS**  
**APPLICABLE TO SUBDISTRICT 2**

<b>1.0 Site Area</b>	A minimum of 15 acres shall be submitted for approval under a single project application to qualify as a mixed-use project for SubDistrict 2 under this Section.
<b>2.0 Land Use Location</b>	Residential uses shall be located adjacent to existing residential uses and generally away from University Avenue. A minimum of 25% of the site shall be devoted to residential.
<b>3.0 Vehicular and Pedestrian Access</b>	<p>Major vehicular accesses to the properties from University Avenue and Chicago Avenue shall be located no closer than approximately 450 feet from the intersection of University and Chicago Avenues. Major access is also permitted from Ottawa Avenue. Right turn-in and out access is also permitted but not within 200 feet of any public street intersecting University Avenue.</p> <p>A major pedestrian connection shall be provided to connect the property on the east and west sides of Chicago Avenue, combined with the major vehicular access south of the intersection of University Avenue and Chicago Avenue or in another location subject to Design Review.</p> <p>A clearly defined pedestrian path shall connect the retail, office, and residential uses within the project.</p>
<b>4.0 Building Height</b>	Building height shall not exceed a maximum of 75 feet and shall not exceed 35 feet within 50 feet of any adjacent residential uses.
<b>5.0 Setbacks</b>	Subject to Design Review Board approval, surface parking may face University Avenue and some buildings may be located in the rear of the property provided greater landscape standards and pedestrian connections are provided that those described in Table 4.
<b>6.0 Intensity</b>	Up to 2.0 FAR (excluding parking structures) shall be permitted averaged over the entire site.
<b>7.0 Lot Coverage</b>	A maximum building coverage for residential of fifty percent (50%)

Table 5 [Continued]

**PLANNED MIXED-USE DEVELOPMENT STANDARDS  
APPLICABLE TO SUBDISTRICT 2**

<b>8.0 Lot Area</b>	<p>The required lot area for any residential development site within SubDistrict 4 shall be no less than the total of:</p> <ul style="list-style-type: none"> <li>• 1,500 square feet for each 4 bedroom unit, and</li> <li>• 1,200 square feet for each 3 bedroom unit, and</li> <li>• 1,000 square feet for each 2 bedroom unit, and</li> <li>• 800 square feet for each 1 bedroom unit or smaller.</li> </ul>
<b>9.0 Pedestrian Amenities</b>	<p>The following pedestrian amenities shall be developed as a part of the pedestrian pathway system: outdoor dining areas, planters, trash receptacles, pedestrian scale lighting and signage, pattern and textured paving, kiosks for directories and flowers, newsstands, seating areas, bicycle parking areas, a bus shuttle stop, public art and sculpture. Pedestrian amenities shall be compatible with the architectural theme described in the Design Standards and Guidelines section of the Specific Plan.</p>
<b>10.0 Landscaping</b>	<p>Main vehicular entrances shall be lined with similar plant materials specified in the University Avenue Streetscape Concept Plan or subsequently updated plans.</p>
<b>11.0 Streetscape</b>	<p>If an assessment district for implementing the Streetscape Plan for University Avenue has not been approved before development of the property, the improvements within the public right-of-way shall be constructed and integrated with the Project.</p>
<b>12.0 Parking</b>	<p>Due to the mixed use nature of the project, the total minimum parking requirement may be reduced from that defined in Sections 19.74.030 and 19.74.010 of the Zoning Code, subject to the submittal by the landowners of a shared parking analysis and approval by the Design Review Board.</p>
<b>13.0 Development Agreement</b>	<p>An appropriate developer agreement must be approved for any Planned Mixed Use Development.</p>
<b>14.0 Phasing</b>	<p>An approved phasing plan shall be required of all projects.</p>

\*\*\*\*\*

**Table 5**  
**PLANNED MIXED-USE DEVELOPMENT STANDARDS**  
**APPLICABLE TO SUBDISTRICT 4**

**1.0 Site Area**

A minimum of 15 acres shall be submitted for approval under a single project application in order to qualify as a mixed-use project for SubDistrict 4 under this Section. A minimum of 50% of the total site shall be devoted to residential uses.

**2.0 Land Use Location**

At the northeast corner of Iowa Avenue and University Avenue, retail shops, restaurants, and theaters shall be clustered around an outdoor pedestrian paseo and courtyard which includes areas for outdoor dining and entertainment. Residential, preferably housing for students, shall be located west of Iowa Avenue as well as east of Iowa Avenue north of and adjacent to the commercial uses.

**3.0 Vehicular and Pedestrian Access**

Major vehicular access to the property shall be located on University Avenue approximately 600 feet east of the center line of Iowa and shall be located on Iowa Avenue, approximately 600 to 750 feet north of the center line of University Avenue, subject to review of the Public Works Director. Pedestrian crossing of these streets shall be located at these two major access points, as well as at the intersection of University Avenue and Iowa Avenue.

A clearly defined pedestrian path shall connect the residential uses with retail, office and entertainment uses and a clearly defined pedestrian path shall be provided from student housing to UCR.

**4.0 Building Height**

Maximum building height shall generally vary from 35 feet for residential to up to 75 feet for offices. One, unoccupied tower taller than 75 feet is permitted for identity, as well as other unoccupied areas as permitted in Section 19.68.030 of the Zoning Code. The tower may not include signs other than one logo on each facade.

Table 6 [Continued]

**PLANNED MIXED-USE DEVELOPMENT STANDARDS  
APPLICABLE TO SUBDISTRICT 4**

**5.0 Setbacks**

Building facades shall generally be located close to University and Iowa Avenues and surface parking away from these streets. At least 70% of the frontage along University Avenue shall be no more than 35 to 40 feet from the curb face of University Avenue.

Minimum setbacks along Iowa Avenue shall be 15 feet for residential uses and 10 feet from the property line for commercial uses. No parking is permitted within this setback area. All setbacks shall be landscaped in accordance with the provisions of the University Avenue Streetscape concept plans or its subsequently refined plans.

**6.0 Intensity**

Buildings (excluding parking structures), shall not exceed an FAR, averaged over the entire site, of 2.0.

**7.0 Lot Coverage**

The maximum lot coverage within SubDistrict 4a shall not exceed fifty percent (50%) of the total lot area.

**8.0 Lot Area**

The required lot area for any residential development site within SubDistrict 4 shall be no less than the total of:

- 1,500 square feet for each 4 bedroom unit, and
- 1,200 square feet for each 3 bedroom unit, and
- 1,000 square feet for each 2 bedroom unit, and
- 800 square feet for each 1 bedroom unit or smaller.

**9.0 Pedestrian Amenities**

The following pedestrian amenities shall be developed as a part of the paseo and pedestrian pathway system: outdoor dining areas, planters, trash receptacles, pedestrian-scale lighting and signage, pattern and textured paving, kiosks for directories and flowers, newsstands, seating areas, bicycle parking areas, a bus shuttle stop on University Avenue, public art and sculpture. Pedestrian amenities shall be compatible with the architectural theme described in the Design Standards and Guidelines section of the Specific Plan.

\*\*\*\*\*

Table 6 [Continued]

**PLANNED MIXED-USE DEVELOPMENT STANDARDS  
APPLICABLE TO SUBDISTRICT 4**

**10.0 — Landscaping**

Main vehicular entrances shall be lined with similar plant materials specified in the University Avenue Streetscape Concept Plan or subsequently updated plans.

**11.0 — Streetscape**

If an assessment district for implementing the Streetscape Plan for University Avenue has not been approved before development of the property, the improvements within the public right-of-way shall be constructed and integrated with the Project.

**12.0 — Parking**

For housing dedicated as student apartments, the minimum off-street parking standards shall be 1.5 spaces for each dwelling unit containing up to two bedrooms and 2 spaces for each dwelling unit containing three bedrooms or more.

Due to the mixed use nature of the project, the total minimum parking requirement may be reduced from that defined in Sections 19.74.030 and 19.74.010 of the Zoning Code, subject to the submittal by the landowners of a shared-use analysis and approval by the Design Review Board. If retail commercial uses, theaters, and office are a part of the development, the total minimum parking requirement may be reduced by a minimum of 20%.

**13.0 — Development Agreement**

An appropriate developer agreement must be approved for any Planned Mixed-Use Development.

**14.0 — Phasing**

An approved phasing plan shall be required of all projects.
